PRIMO Medico

WE THINK THE WORLD OF PLASTICS

Your dedicated partner and supplier of medical tubing

DEVELOPMENT AND EXTRUSION OF HIGH-QUALITY MEDICAL TUBING

Primo's Medico resource centre specializes in clean-room production and handling of spooled and pre-cut tubes such as:

- Tubing and dispenser for guidewires
- Non-PVC alternative tubing
- Corrugated tubes
- X-ray tubes
- Single and multi-lumen tubes
- Multilayer tubes
- Bubble tubes
- Wire inlay tubing
- Dip-tubes for pharma, home, and beauty dispensers
- Various profiles for different medical equipment

We have many years of know-how creating tailored solutions to suit your ideas and your requirements.

Primo Medico often participates in the product development from start to finish, offering fast and flexible prototyping and on-time delivery. Our fast, top-quality prototyping will aid you in getting your products to market as quickly as possible.

Matching the legal demands of the industry
The medical industry is subject to stringent legal requirements. We are familiar with them, and offer first-class clean-room facilities and a highly trained specialist staff that delivers superior quality every time. Our exacting standards of precision and extremely low error tolerance match the medical industry's high quality demands.

Full documentation and traceability
In all production phases, we employ an ERP system. It ensures that all information is updated during production, while constant monitoring makes it possible to identify all raw material batches. From start to finish, all relevant parameters are recorded, and control measurements are made.

All Primo products are fully documented, and data sheets can be delivered by request.

IN SAFE HANDS FROM START TO FINISH

Primo has a certified quality assurance system that complies with all relevant regulations, including:

- ISO 13485 Certification
- ISO 14644 Class 8 Cleanrooms
- REACH Compliance
- Lot Release Inspection
- Regulatory Compliance
- Fully Validated Manufacturing Processes
- MDR ready

Your development partner
The earlier you involve Primo in your development process, the better the chance that we can help you find solutions that are "designed for manufacturing".

We place our most competent experts at your disposal and guarantee full confidentiality as a matter of course.

Primo's long-standing expertise in a wide and diverse range of business areas, from medical tubing to door gaskets, from mudflaps for trailers to offshore cabling, makes us geared for key account management and close, long-lasting relationships with our customers.

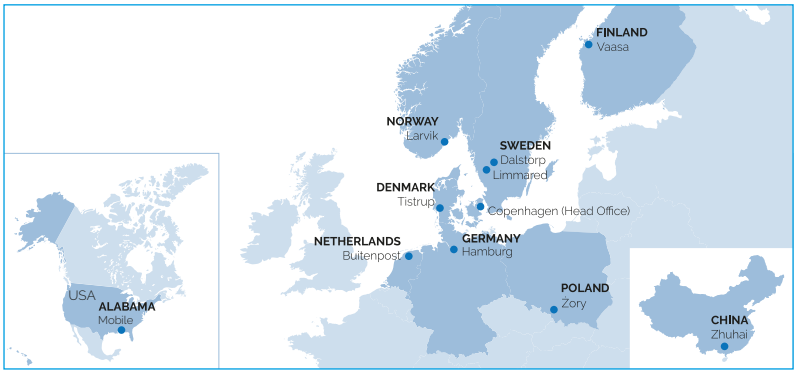

Your medical devices are fitted with medical tubing produced by Primo Medico.

A LEADING SUPPLIER FOR THE MEDICAL INDUSTRY

Primo Medico participates in your product development from start to finish, offering fast and flexible prototyping and on-time delivery.

Headquartered in Copenhagen, we have sales and production activities at 12 locations in Europe and Asia. The company is founded and owned by the Grunnet family and has specialized in designing and producing customer-specific profile solutions in plastic since its inception in 1959.
